SOCIAL NEWS —BY LISA MARSHALL

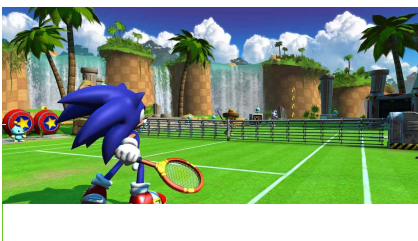

Hurricanes Hit Thorndon

A great Social function at the Thorndon function center on SKY Live of the Hurricanes Super 14 Semi-Final.

Standing room only for Thorndon's inaugural SKY Live function with both the Bar and the Kitchen in full swing.

There were even a few Sports mad types who played Squash Club Night first and then settled in the barrack for the canes and loosen those tonsils.

Disappointment in the result in the end but some fantastic excitement along the way not to mention some serious lessening of the tonsils!

SQUASH NEWS —BY JEFF RAPP

The Season of Squash at Thorndon had a slow start much man, is it cooking now!

Our Interclub teams are fully fired up, the Business House is steaming along every Thursday, the Box League continues to be Thorndon's hottest competition and the Regional events we have hosted are getting stoked reviews.

To get a court anywhere near peak hours means bribery or forlorn hope or hanging on the Online Booking System to be first in.

(By the way, if you were wondering about all the heat references, man, it's cold out there! You should all be playing Squash rather than Tennis as at least the court warms up a bit!)

Check out the Web Site regularly during the season for more timely updates on all the Squash activities at The New Thorndon Club.

Under 6yr finals!

Yes, finals!
